# Introduction

**WE GUARANTEE** that each and every article in this Catalogue is exactly as described and illustrated—that any article purchased from us will satisfy you perfectly—that it will give the service you have a right to expect—that it represents full value for the price you pay.

It is with much satisfaction that we gratefully acknowledge the ever-increasing support afforded us by a host of old and new customers, since the issue of our last catalogue. **Satisfied customers** throughout the State are the most reliable evidence concerning the kind of business we transact, they are also our best advertisement. For nearly half a century it has been our honest desire to “keep faith” with the public who deal with us, and with justifiable pride we refer to the Mammoth Furnishing Business that has grown up out of the fulfilment of this policy.

Our convenient system of **Gradual Payment** for furniture, etc., has made possible the beautification of the humblest home, and has brought increased comfort and security to thousands who have accepted the remarkably easy terms and conditions offered by our Furniture Department, which studies the slenderest purse and encourages true thrift.

The illustrations in this catalogue are as nearly like the actual article as the skill of the photographer and artist will permit. With the catalogue as a guide, the Country Customer is on the same footing as the customer at our counter, for the written description is accurate and faithful, our paramount thought being to avoid disappointing or misleading patrons.

We have had a large and varied experience in the furnishing of Australian homes, public buildings, hotels, flats, hospitals, and other institutions, which enables us to furnish a cottage or a mansion throughout to the complete satisfaction of our clients. Our designs are the latest, and in many instances quite exclusive, while the prices are the lowest compatible with a sound article. **Quality is manifested in every line we offer.**

We have a large staff of furnishing experts, who are always at your service. Whether you wish to spend £10 or £10,000 they will advise you on every detail. Suitable arrangements can be made under Our Gradual Payment System. If you cannot call personally, write or 'phone for estimates. Goods are packed by experienced men to suit the route they have to travel—whether by rail, steamer, or road. **We pack all goods and deliver to the Sydney Railway Station or Wharves free of charge.**

Whilst every care is exercised in the packing of goods, our responsibility ceases when we receive a receipt and deliver the goods to the Railway Authorities and Steamship Owners.

For prices please refer to the key which accompanies this catalogue.
